

### **THE GOAL**

To form a diverse and inclusive statewide council in order to share information and best practices, communicate needs and objectives, and advocate for the ND UAS industry before the legislature and state agencies.

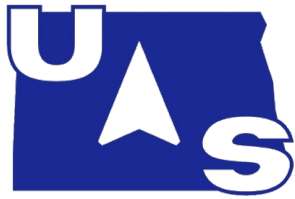

### **THE MISSION**

To promote and advocate for the UAS industry in North Dakota and to provide ongoing opportunities for networking, sharing, and community outreach.

### **MEMBER BENEFITS**

- Quarterly updates on the local and national UAS industry
- Quarterly meetings/annual in-person meeting and networking event
- Bi-annual networking event with key industry members, legislators, and government officials
- Participation in crafting and influencing policy directives and messaging
- Invitations to attend and speak at council-organized educational and networking events with government and industry decision-makers
- Publicize company successes through council social media channels and website
- Opportunities to serve on a sub committee, i.e. energy, agriculture, law enforcement, community safety, manufacturing
